More than 266 dragon boat paddlers from 7 countries participated in this international competition. Our HKUST dragon boat team took part in 200 meters, 500 meters and 3000 meters international mixed races.

Our Mixed dragon boat team finished the 3000 meters race with 9th place among 17 teams from the world.

We formed a team of six paddlers participating in the Dragon Boat Tug of war and we won the 3rd place among 18 teams.

What a fruitful trip for all HKUST paddlers. We would like to express our appreciation for the support from Student Affairs Office, our coach and teammates.
