

HKUST Tennis Team - "Taipei Cultural Exchange Tennis Tour" Sponsored by SEA Fund

Having played against most of the other Universities in Hong Kong, HKUST tennis team is extending our presence and exposure to play tennis with teams overseas, and Taipei is our first milestone. By organizing a 5-day Cultural Exchange Tennis Tour to Taipei from 2 Jan 2016 to 6 Jan 2016, we made friendly interactions with the best tennis players in Taiwan Universities and polished our skill-set through tennis matches with them. We had not only gain valuable team experience but also broadened our horizons by integrating the cultural differences between Hong Kong and Taiwan.

Apart from that, we promoted the all-rounded and diverse image of HKUST among the Taiwanese students as ambassadors of HKUST who have a good mix between local and non-local tennis players. Through these 5 days of get-together, the new joiners this year had perfectly blended in with the old team, and our overall team bonding had tightened. More importantly, we were able to strengthen the relationship between HKUST and the two top Taiwanese Universities, National Taiwan University and National Chengchi University, through this HKUST Cultural Exchange Tennis Tour.
