

## Experience Workshops of Canoeing, Beach Water Polo and Coastal Rowing at HKUST Water Sports Center

On 3 May 2014 (Sat), the HKUST Water Sports Center (WSC) and Student Affairs Office (SAO) organized experience workshops of canoeing, beach water polo and coastal rowing. All workshops were taken place at the HKUST Seafront and are the first series of workshops to be held at the WSC.

A total of 41 HKUST members participated in the workshops, including 23 for canoeing, and 10 each for both water polo and coastal rowing.

Students listen to the instructor attentively during the Canoeing Workshop

Have you ever played water polo in the sea?

Members of the Rowing Club take our newly purchased coastal quad out on Port Shelter!

Other than being a great location for HKUST for students to engage in water sports, the WSC offers an amazing view!
