We, executive committee of the Sports Association, HKUSTSU, session 2015-16, are thankful for the opportunities in serving as the Event Organizer.

It is absolutely a challenging task for us but we are pleased to be involved in this meaningful and enjoyable event for the celebration of the 25th Anniversary of HKUST.

We have spent tens of hours in the OC meeting, to negotiate and convince different authorities to give approvals or making special arrangements, to carefully design the event rundown and other logistics.

We did it with pride for we love "sports" and we treasure the culture of sports that our alumni have built up in HKUST in the past years.

A BIG thank you to all who have attended the Reunion Sports Day!
