2026-27 Hong Kong Indoor Cycling Race Series 2

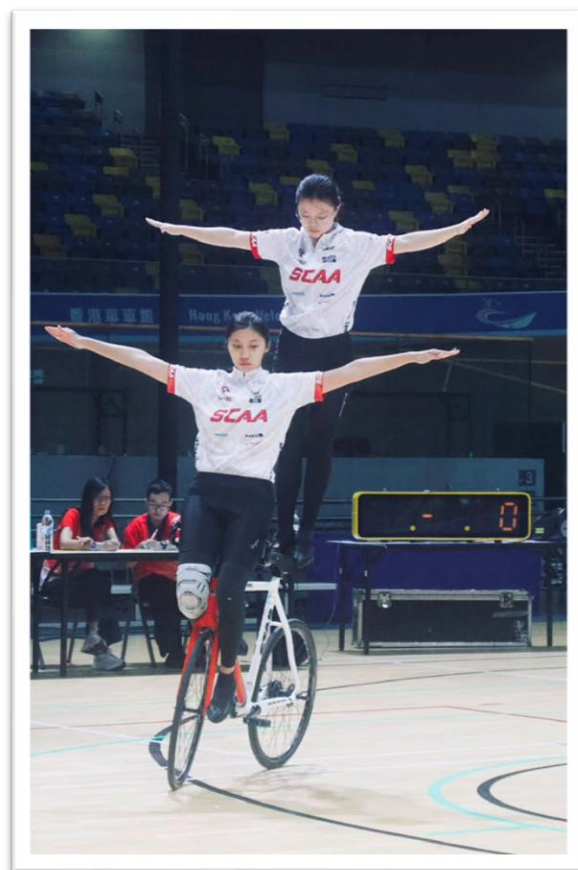

We are pleased to announce that WONG Sum Yi, Sammi, a Year 3 student from the School of Business and Management, BBA in Information Systems, achieved 1st Runner-up in both the Single Women Elite and Pair Women events at the 2026–27 Hong Kong Indoor Cycling Race Series 2 (Artistic Cycling). Her outstanding results reflect dedication, discipline, and excellent technical performance in artistic cycling.

Indoor cycling artistic events require riders to perform a timed programme of controlled movements and technical figures on the bicycle, with scores reflecting precision, balance, stability, and execution. Sammi's success in both individual and pair categories demonstrate her versatility, consistency, and strong competitive spirit.

We warmly congratulate Sammi on this remarkable accomplishment and wishes her continued success in future competitions.
